

CASE STUDY

www.bttransportlogistics.com.au

7 DAYS
5,000+ KM

resource logistics

Sydney to Pilbara

New South Wales - South Australia - Western Australia

SERVICES PROVIDED

- Transport of multiple chillers, containerised into 20GP and 40GP
- Initial load: 2 chillers containerised into 20GP
- Provision of a "load master"
- Short term container storage for subsequent loads

OUTCOME

Delivery on time, damage free

CUSTOMER FEEDBACK

"The driver has done very well with the journey and undoubtedly traveled at safe/appropriate speeds. The insides seem to have very little dust and no damage at all. The outsides (to be expected) have a slight shade of brown but all in all look pretty damn good."

Specialised equipment

Pickup: Sideloader & skel trailer
Linehaul: Airbag trailer

Challenges

- Timeframe: pickup the following day
- Tight space for collection at pickup location
- Weather conditions and road closures
- Sensitive freight requiring to be treated with great care
