

OVERVIEW

The Australian Specialist Vehicle Alliance (SVA) offers innovative, top quality, delivery-focused and cost-effective solutions to clients in the global Specialist Vehicle sector.

We have a ‘one-team, one-system’ approach to serving customers and offer a single point of contact to Australia’s most globally competitive suppliers in the Specialist Vehicle industry – a broad pool of premium, accredited, low-risk Australian companies that, if required, are able to collaborate on customer projects.

Funded by the South Australian Government, the Alliance was established to promote Australia’s specialist vehicle capabilities.

The Alliance enables specialist vehicle companies across Australia to share knowledge, improve capabilities and pursue opportunities in the global defence and commercial Specialist Vehicle market.

Our headquarters is in Adelaide, South Australia, the high-tech centre of Australia’s defence industry and home to the national and regional headquarters of some of the world’s leading defence and specialist vehicle companies.

Our goal is to be Australia’s leading contributor of customer-focused, innovative solutions in the global specialist vehicles market by 2020. We offer premium, innovative products and services at

competitive prices. Our members share a passion for innovation and maintaining the highest product and service standards.

Our capabilities include:

- > Engineering and advanced manufacturing
- > Body; chassis and drivetrain
- > Electrical and electronics
- > Interior
- > Through-life support services

CAPABILITIES
